

Input sought on Prop. 84 grants

The Sierra Nevada Conservancy is seeking public input on proposed modifications to its next round of grant solicitations.

The SNC has approximately \$10 million remaining to award under its Proposition 84 Safe Drinking Water Bond Act of 2006 grant program. Public input will be incorporated into the FY 2011-12 and 2012-13 programs, which will be presented to the SNC governing board at its June 2 meeting in Sacramento.

Grant funding will only be awarded to projects that are consistent with Prop. 84 guidelines. Public agencies, qualifying non-profit organizations and federally recognized tribal entities are eligible to apply.

Review the public comment paper and complete a brief online survey by May 19. Links to the public comment paper and survey can be found at www.sierranevada.ca.gov
